

Nisku pellet mill to be sold

EDMONTON JOURNAL APRIL 2, 2011

Edmonton Journal daily newspaper Edmonton, AB April 2, 2011

Wood Composite Technologies Inc. is selling its Nisku pellet-mill plant, for \$2.3 million, the company said Friday.

DiCorp Properties Inc. is buying the plant and some pieces of production equipment.

The deal is subject to conditions such as Wood Composite Technologies obtaining shareholder approval. The Nisku-based manufacturer will look for a new location for its executive offices.

Avison Young Real Estate Alberta Inc. brokered the deal.
